WALDRIDGE FIELD MARSHAL -- The first calf by our junior herd sire, Strowold Field Marshal 17th, and out of a breedy Mina dam. A burly headed calf that carries all the qualities you desire in a herd bull, coupled with his excellent pedigree. Should make him worthy of your close inspection and consideration. We raised and sold the grand champion bull in the 1951 Pike County sale, but in our judgment, this is the best bull we have ever raised.

*SCENE AT FAIRMEAD. The white bull is W L MAX MAJOR 18th*

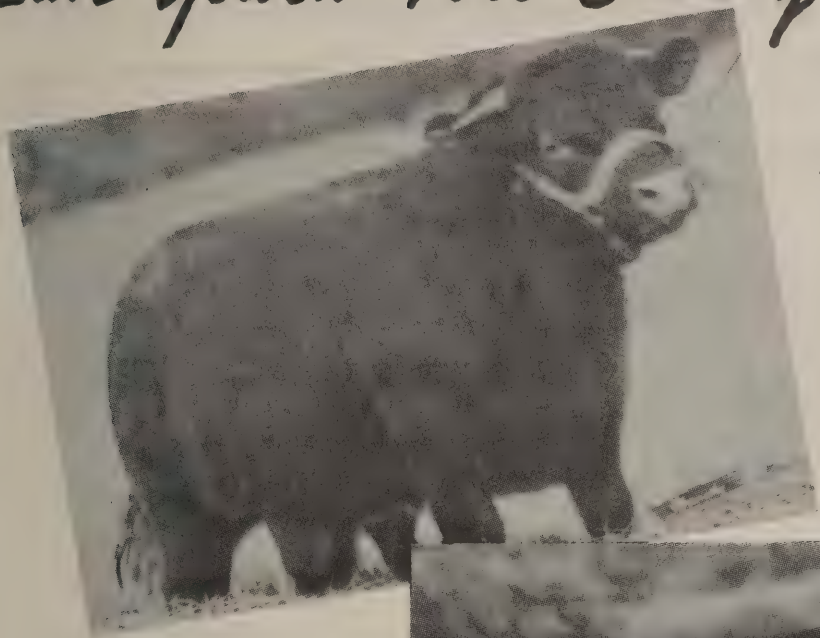

I wish we had Shorthorn associations like the Pike County group in every local area. It is clear proof that neighboring breeders working together in a spirit of friendly competition and holding annual sales can get the most done to expand the breed. The activity of such an aggressive association not only provides a better market, but spurs everyone in the group to bred better cattle.

The remark often has been made by top cattlemen viewing the Pike County show of sale cattle, that the classes were the equivalent of state fair competition. Actually, Pike County breeders, the consignors to this sale, stand right up to the top when they choose to exhibit at the International, the Missouri State Fair, or other leading events.

Shorthorn history in Pike County goes back over 80 years of breed leadership. Nowhere is there concentrated in a smaller area more top rated sires. I have observed that buyers in Pike County sales get tremendous quality for their invested dollar. If you want to own breed tops, and have to watch the dollars you invest carefully, I can think of no better place to buy.
